AMIT S MOLI

Software Developer · Full-Stack

Bengaluru, Karnataka | +91-9535656560 | amitmoli7@gmail.com | github.com/Amitmoli | linkedin.com/in/amit-moli-649402185 | amitmoli.github.io

PROFESSIONAL SUMMARY

Solution-oriented full-stack developer with nearly 4 years of experience building and maintaining web and mobile software. Works across React and React Native frontends, Node.js and Python (FastAPI) services, SQL and NoSQL databases, and automated deployments with GitHub Actions. Currently building a production CRM for a manufacturing business. Strong communicator who collaborates well with teams and writes clear technical documentation.

SKILLS

Frontend	React JS, React Native, HTML, CSS, JavaScript, Tailwind CSS, MUI, React Bootstrap, Bootstrap, Responsive Web Design, Framer Motion
Backend	MERN Stack, Node.js, Express, Python, Python FastAPI, REST APIs, Postman, Swagger API
Databases	SQL, MongoDB
DevOps & Tools	Git, GitHub, GitHub Actions (CI/CD), PM2, Linux deployments, Jira, VS Code
Security	JWT tokens, encryption and decryption (CryptoJS for React, pycryptodome for FastAPI)
Practices	Front-end and back-end development, code structure, web performance optimization, test-driven development, source control

PROFESSIONAL EXPERIENCE

Software Engineer – Full-Stack Developer

Desalt Encore SheetMetal Pvt Ltd | March 2025 – Present

- Build and maintain the Encore CRM, a full-stack platform for a sheet-metal manufacturer covering orders, production tracking, delivery planning, dockets and runs, split-order handling and reporting.
- Designed a role-based permission catalogue with per-module, per-action access control across the application.
- Delivered configurable delivery-planning rules, editable data grids, Excel previews and exports in reports.
- Building a dynamic web-based 2D design tool with multiple advanced features and interactive components.
- Set up GitHub Actions CI and UAT deployment pipelines that detect frontend and backend changes, sync only changed files, validate secrets, and gate releases with a health-check endpoint (PM2 on Linux).
- Fixed responsive layout issues so side panels, search and grids work on phone screens.

Full Stack Developer

Cybrary Infotech Solutions | December 2022 – December 2024

- Identified web-based user interactions and built highly responsive interface components using React concepts.
- Worked with a development team of 4–6 to discuss user interface ideas and applications.
- Translated designs and wireframes into high-quality code, following React JS workflows.
- Developed reusable components and reviewed requirements and interface designs for compatibility with existing applications.
- Troubleshot and debugged application code, improving functionality and performance by 50%.
- Performed live demos for customers and nurtured client relationships.
- Collaborated with senior developers to update the website and create new features.

Junior Web Developer – Intern

SMK Solutions (Part-time, Remote) | October 2020 – October 2022

- Worked remotely as an intern and developer, learning core and advanced web technologies.
- Built and maintained websites for clients through various online platforms.
- Created and tested applications for websites; filed reports, gathered information and performed research.

RELEVANT PROJECTS

Encore CRM **(React, Node.js, Express, PM2)**

- Production CRM for a sheet-metal manufacturer: orders, production, delivery planning and reporting with granular role-based permissions.

Ticket Management Web Application **(React JS, Python FastAPI)**

- Built the application with React JS and Python FastAPI.
- Implemented ticket creation through IVR, chatbot and SMS, integrating with third-party APIs.
- Secured data transfer with encryption and decryption of data.

Ticket Management Mobile Application **(React Native, FastAPI)**

- Built a cross-platform mobile app in React Native covering the core modules of the web application.
- Integrated with the Python FastAPI backend.

EDUCATION

B.E. Mechanical Engineering | Basveshwara Engineering College, Bagalkot | 2015 – 2022
